

BE PART OF AN EXPANDING *community* ENERGY VENTURE

The Schools' Energy Co-operative Limited

Invest as little as £250 and help generate renewable energy and support our schools.

The Schools' Energy Co-operative has already successfully installed 380kW of solar panels on five schools in Sussex, Berkshire, Hertfordshire and Essex and is now working with a further 53 schools throughout England.

Enterprise Investment Scheme advance assurance has been received. EIS certificates have been received and distributed for the previous two share issues made by the Co-op. Under the EIS members receive 30% tax relief on the value of their investment.

Projected returns start at about 5% increasing yearly by inflation, subject to risk factors and assumptions in the Share Offer.

This is a long term investment in shares to deliver an environmental and social impact as well as a financial return. As with any investment product there are risks. Your capital is at risk and may not be readily realisable. Returns are projected, variable, depend on performance of the project and are not guaranteed. Consider all risks before investing and read the Share Offer.
